## Call for Applications: 2017 Investment Program for Research

The Zukunftskolleg is calling for applications for an investment program to improve apparatus and equipment in research.

---

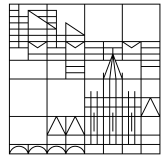

Fellows can apply for apparatus requiring an outlay of between EUR 10.000 and EUR 50.000 to be used in conducting their research.

Fellows are expressly encouraged to coordinate their efforts, also with other colleagues in their respective departments, when it comes to applying for equipment funding. If possible, applicants should indicate any provisions for regulating the use and maintenance of the instruments, as well as their envisioned location.

Applications should include the following documents:

- Project outline including a brief explanation why the equipment is valuable for the project; maximum 5 pages
- A list with the names of other potential beneficiaries of the equipment with a short explanation of the connection between their research and the equipment
- Curriculum vitae of the applicant
- If the equipment necessitates space, a statement of the person who will provide the space
- A statement about how the equipment will be used once the fellowship will have terminated
- Cost estimates and quotations for the equipment (***the money has to be spent until October 31, 2017***).
